TAKAO

3D Tile: - Piece Size: 3"x 6"-Texture: Matte Finish

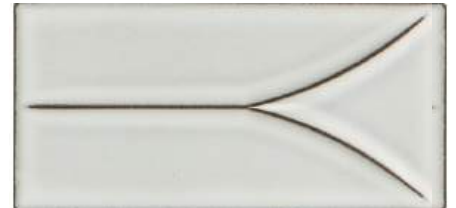

Design with elegance. Takao is a porcelain wall tile with a slightly raised relief design that allows flexibility to create multiple Japanese Zen-like patterns. The matte finish is a smooth satin texture, soft to the touch. Fired in Japanese box kilns in a single fire method, the time honored Japanese artisanship is evident. Elegance that stands the test of time.

Groove Tile: - Piece Size: 3"x 12" - Texture: Glossy Finish

Bullnose: - Piece Size: 3/4"x 12" - Texture: Glossy Finish

A fresh approach to a classic style. Within our Contour Series, the Groove Tile is a 3"x 12" reverse bevel style that lends dimension and texture to a very classic look. Available in six colors, each with a matching Bullnose. The reverse bevel highlights the light and dark color combination in each piece created by the waterfall glaze technology. Reflecting light plays with the glossy finish and the dimension of the tile, creating a visual masterpiece that brings out shapes and angles that give long lasting interest to your design.

BOTANY BAY PEBBLES

Natural, Sliced, Opus & Coin - Sheet Size: 12"x 12" - Sliced Borders: Piece Size: 4"x 12"

Mined from the rivers and beaches of Indonesia without using machinery, these natural gems are perfect for creating the look and feel of the outdoors in your design. Delicately blended colors and sizes create a whimsical collection of pebbles. Installation of these stones should be done with care. For a seamless overall look, we suggest slightly moving certain pieces to get a consistent flow. Sealing this product is recommended and using an enhancing sealer will darken and bring out the beauty of each individual pebble. The size of the individual pebbles may vary from batch and sheet to sheet.

LITTLE SANDY PEBBLES

Recycled Glass Mosaic - Sheet Size: 11-1/4" x 11-1/4" - Texture: Matte Finish

Made from 100% recycled glass, the reused glass powder is fired in a mold at high temperatures in order to create the pebble shape. The color achieves a vein look within the glass that lends itself to a recreation of natural stone. Three neutral colors are offered for these smooth, matte finished pebbles.

MODERN EDGE

Recycled Glass Mosaic - Piece Size: 2"x 6" - Sheet Size 12"x 12" - Texture: Glossy Finish

Our ever popular 2"x 6" interlocking format is back by popular demand. This interlocking pattern with a skinny reverse bevel has been improved and four well sought-after colors have been revived. Made with 100% recycled glass powder, the glass and color glaze are mixed together and fired at over 2000 degrees, making the material durable. It has zero % water absorption, making it usable in many applications. This new glass firing technology has decreased color variation, and made the product stronger and lighter.

TUNDRA GLASS

Interlock Glass Mosaic - Piece Size: 2"x 6" - Sheet Size: 11-3/4"x 11-3/4" - Texture: Matte Finish

Bringing you enhanced color options with a more advanced manufacturing style than before, we are happy to introduce the Tundra Glass Series. Electric kilns assist with the overall quality of the product and help aid the environment. The colors display an enchanting swirl caused by mixing the color separately into already molten glass. This process of melting components to achieve this look, translates into a unique reaction where not one piece will look the same. A soft matte finish combined with these colors will add a truly lavish look to your space.

COLOR SPLASH

3D Tile - Piece Size 6"x 6" - Texture: Glossy Finish

Color Splash is a vivid pop of color. These glass tiles get their color from ink jet printing technology. The color pattern is applied to the back side of the glass tile. The tile surface has a three-dimensional grooved texture, distorting the detail and creating an alluring look. The polished finish plays with light and reflection. The color pattern per tile repeats, however once you put multiple tiles together, you will see four different patterns in the finished install. Such a fun design for a commercial or residential wall.

GOSFORD GLASS & STONE

Herringbone Mosaic - Piece Size: 1"x 2-3/4" - Sheet Size 12"x 12" - Texture: Glossy & Matte Finish

Interlock Mosaic - Piece Size: 2"x 6" - Sheet Size 12"x 12" - Texture: Glossy & Matte Finish

Blending glass and stone is a creation like no other. Playing with textures and reflections in a mosaic can add an element of dimension to a room, making it a central point. Gosford Glass & Stone offer a collection of different patterns to choose from, each with their own special touch. The Herringbone and Interlock patterns get their color from ink jet printing with a mixture of polished glass and lava stone. The Frames and Hexy are formed by waterjet cutting before being carefully blended with assorted colors and textures. The choice is yours, but you can't go wrong.

Hexy - Piece Size: 3-1/2"x 2-3/4" Sheet Size: 10-3/4"x 11"

These blends have a mixture of glass and aluminum metal. Rich with five different patterns, you will get a blend of etched metals and polished glass. This modern blend of aluminum and glass combines textures for a rough metal look, with a soft glass feel. Circular etching on the surface of the metal along with the shimmery pop of color from the glass really sets this product apart. The aluminum pieces are hollow on the back for a super lightweight feel.
