Born to Inspire Design

Shapes is a bold new offering from MILE[®]stone, created to inspire and elevate your spaces. Born from the desire to reimagine some of MILE[®]stone's most iconic and successful collections and color palettes, Shapes reinterprets classics to create a stunning new array of patterns—square, rectangular, rhombus, hexagon, and mosaic options. Each unique shape offers a fresh perspective, bringing unique, sophisticated design elements that enhance any space.

Whether gracing your floors or adorning your walls, Shapes can transform any space with a touch of creative flair. Its versatile designs are perfect for both residential and commercial applications, offering the flexibility that suits any style.

Shapes is more than just a collection—it's a fresh approach to design. With every angle and curve, Shapes offers a way to transform your space, blending innovation and style to create something distinctive.

Progress that invests in the entire society

As an active member of the U.S Green Building Council, MILE®*stone* spreads awareness to the community and encourages the use of building solutions through environmentally friendly practices. Our products positively contribute to the requirements for obtaining the LEED (Leadership in Energy and Environmental Design) and WELL (IWBI) certifications.

A commitment to environmental sustainability and responsibility

We are committed to conscious development that minimizes the negative impact of manufacturing production on the environment. Our general approach to sustainability intersects with our business strategy to embrace three areas of responsibility: economic, social, and environmental. Some ways we prove this are:

- Products containing as much as 45% recycled content.
- Post-consumer recycled content levels as much as 3%.
- Zero industrial wastewater discharge.
- A 99% internal process recycling rate.
- 100% of raw materials used in the manufacturing process of the body of our tile are sourced regionally, supporting local industries and sustainable practices.

MILE®*stone* is taking these and other steps, as well as actively investing to reduce carbon emissions to ensure that we reach full carbon neutrality.
