**PRODUCT CONTAINS
 $\geq 20\%$ PRE-CONSUMER
RECYCLED CONTENT**

The Cementine Evo Series is a rectified porcelain, inspired by the fabrics of the 60's, 70's and 80's. The graphics provide a strong, visual impact, using flat background colors to create simple, essential forms. The tile has the appearance of a stencil, worn by time. It is available in five, designs that allow for great variety in how they can be used. Whether using them as individual accents, creating a group of one design, or mixing multiple designs together, they can be used to create a unique layout.

Cementine Evo 2

For packaging information, please contact your local Arizona Tile.

DCOF rating is a measurement of a tile's frictional resistance. It is the specifier's responsibility to ensure the chosen tile is appropriate for each interior and exterior application.

Please view actual material when making your selection, as the images on this page are only representative.
