Gleeze Collection

RAGNO 

R8HD Gleeze Grigio Glossy 7x20cm

Gleeze

Designed to bring rhythm to walls through reflections and volume, Gleeze is a ceramic wall collection. The range includes Bianco, Grigio, Turchese, Giada and Beige in 10x10, 5x15 and 7.5x20 sizes, modular with one another and with straight edges. The collection is completed by super-glossy concave and convex surfaces and the Egg and Eye 3D structures. Ideal for new laying solutions, it brings dynamism, visual continuity and compositional freedom to interiors.

Technical Characteristics

-  Frost proof
-  Resistance deep abrasion

Destinazioni d'uso

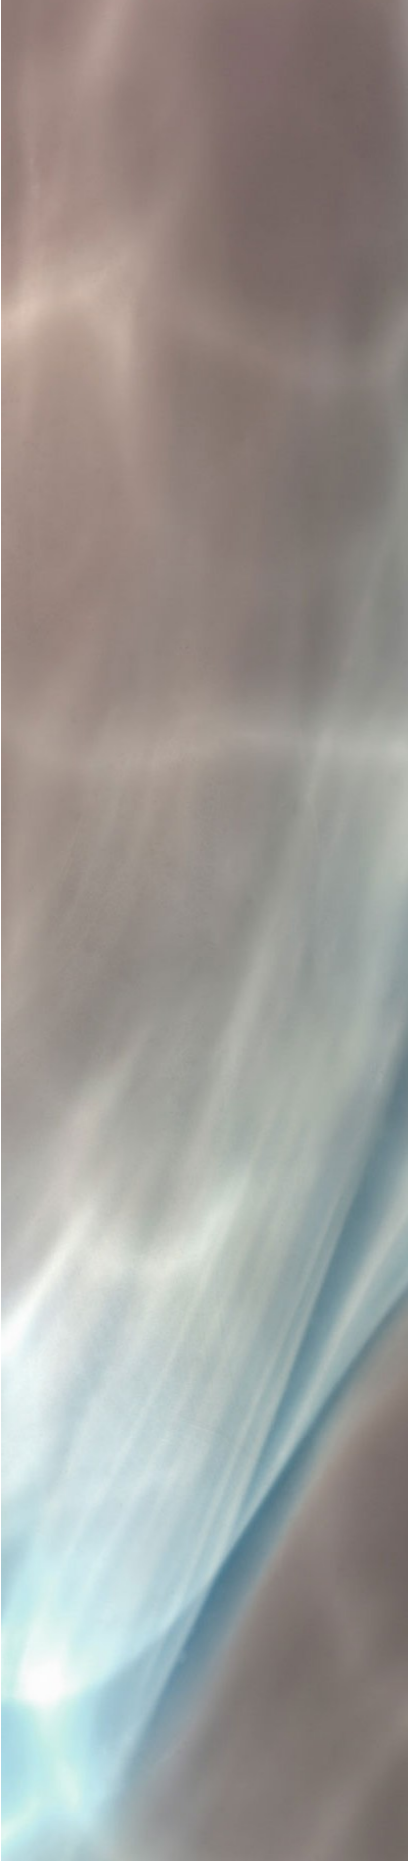

D	Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.	G	Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.
E	Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.	H	Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.
F	Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.		

Color variations

V0	Monochromatic - V0: tiles of the same shade are very uniform, in just one colour	V3	Moderate variation - V3: significant variation in texture, pattern and colour from tile to tile within the same production run. The colour range should be viewed before selecting the material
V1	Uniform appearance - V1: uniform colour with only minimal differences between tiles in the same production run	V4	Substantial/random variation - V4: random differences from tile to tile. One tile may have totally different texture and colour from another. The colour range should be viewed before selecting the material
V2	Slight variation - V2: clearly distinguishable differences in texture and pattern within the same production run
