Nest™ is recommended for interior floors, walls, counter tops and exterior walls in both residential and commercial applications. If offset pattern is required for tiles 15 inches or longer, Crossville® recommends an offset of not greater than 33%. If an offset greater than 33% is specified, specifier and owner must approve mock-up and lippage. See CrossvilleInc.com for detailed installation instructions.

Environmentally Conscious

Nest™ is made using Crossville's EcoCycle Tile Process™, it contains a minimum 4 percent pre-consumer third-party recycled content and is Green Squared® Certified. Through these recycling processes Crossville recycles nearly 12 million pounds of previously discarded filtrate and fired tile waste. In addition to its own fired waste recycling, Crossville also accepts and recycles reclaimed, previously installed tile through its Tile Take-Back™ Program. For more information, visit CrossvilleInc.com/green.

Care and Maintenance

Regular cleaning is the best way to keep Nest™ tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. No waxes or sealers are needed. More information regarding the care and maintenance of Crossville products is available at CrossvilleInc.com.
