

Modern Edge

Introducing the highly sought-after return of our ever-popular 2" x 6" interlocking format, now back by overwhelming demand. Embrace the interlocking pattern, enhanced with a sleek skinny reverse bevel, which has undergone improvements. Notably, four coveted colors have been revived, adding to the allure of this offering. Crafted with utmost care, the tiles are made using 100% recycled glass powder. Blending the glass and color glaze, they are then fired at temperatures surpassing 2000 degrees, resulting in an exceptionally durable material. Embracing cutting-edge glass firing technology, this process has significantly reduced color variation while simultaneously elevating the product's strength and reducing its weight. Prepare to be amazed by the harmonious fusion of beauty and resilience in these remarkable tiles.
