RECOMMENDED USES

Residential

Interior Floor

Interior Wall

Fireplaces

Shower Walls

Available in natural stone combinations, these Stone Mesh Patterns combine the simplicity and beauty of monochromatic color schemes. A mesh backing is adhered to the back of each sheet. There will be noticeable variations in color and movement between pieces. Therefore, it is important and recommended that a range of this product be viewed before finalizing a purchase.

Piece to piece variation in shade or color are inherent in all-natural stone products; therefore, when installing natural stone tile, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color. As natural stone products, it is recommended that these be sealed to extend their longevity. When installing white marble, you must use a white thinset; using grey thinset will leave trowel lines and could stain the marble. It is recommended to use a grout color that coordinates with the lightest color stone.
