2 × 2 Mosaic Mesh

Touch Pearl

2 × 2 Mosaic Mesh

Touch Snow

2 × 2 Mosaic Mesh

Touch Summer

2 × 2 Mosaic Mesh

Touch Sunset

2 × 2 Mosaic Mesh

The Touch Series is a rectified, glazed porcelain manufactured in the United States. Inspired by the rich textures of commercial textiles, this series has a clean look and offers a simplistic, modern appeal. The Touch Series contains 60% pre-consumer recycled content. It is available in five colors and provides an industrial and commercial aesthetic that is now available for residential installations as well. Because this material is a porcelain product, maintenance risks involved with actual stone are eliminated. This series is suitable for residential and commercial applications. The Touch Series is Green Squared<sup>SM</sup> Certified. All products bearing the Green Squared<sup>SM</sup> Certified certification mark have been assessed for conformance to the ANSI A138.1 standard by a recognized third-party certification body. Green Squared<sup>SM</sup> is a certification program developed by the Tile Council of North America (TCNA) as part of its ongoing initiative to support the efforts of producers, purchasers and policy makers to improve the environmental and social sustainability of products and services, based on either established and/or advanced scientific principles, practices, materials and standards.

Manufacturer recommends that the offset should not exceed 25%.

**PRODUCT CONTAINS  
≥60% PRE-CONSUMER  
RECYCLED CONTENT**

For packaging information, please contact your local Arizona Tile.

*DCOF rating is a measurement of a tile's frictional resistance. It is the specifier's responsibility to ensure the chosen tile is appropriate for each interior and exterior application.*

Please view actual material when making your selection, as the images on this page are only representative.
