Vision DW

Inspired by the **contemporary nature of resin**, the Vision project includes porcelain stoneware surfaces for residential and commercial rooms combining a **sophisticated and contemporary soul**. Thanks to an evocative ceramic combination of the material that inspired it, giving a **perfect balance** between **comfort and trendiness**, architecture and design, material and color. The ceramic surface has a **soft, light and elegant structure**, in a range of trendy colors. The shades are a **mix of greys and beiges** offering many design choices. Here are **creativity**, **passion** and **attention to every detail**.

VisionCOLOR DW

Vision Color widens Landmark's resin-effect selection with **9 tones, inspired by hand-brushed resin**, reproduced in all its depth. A collection where colors, nuances, and contrast are the main features characterizing every project. Vision Color **can be matched to other Design Work Collection** to obtain original combinations with a strong personality, enhancing the style of any environment, both residential and commercial.

COLOR. COMBINE. CREATE.

Design Work is Landmark's color-focused surface system: a special project that places color at the center; with a coordinated palette that connects Elite, Elite Color, Vision, Vision Color, and Soul collections. Shades range from balanced neutrals to bold accents, helping designers shape interiors with a clear visual logic within contemporary residential and commercial settings.

EXTREME VERSATILITY.

Design Work is conceived as a coordinated porcelain system with multiple solutions for architectural projects. All categories share the same chromatic logic, supporting consistent transitions from large surfaces to refined details.

The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in this catalog are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile.

Remember that the amount of color as well as the texture of each piece may vary from tile to tile. Therefore, we suggest you mix material from several boxes from many boxes during installation to minimize and blend any possible color difference.
